KNOWLEDGE UPDATE

[Emerging Insight: The best of 2017](#)

[The Facility](#)

How did one insurer grow its microinsurance business from 0 to 18 million policies over a decade? What can we learn from regulation in Peru and the Philippines? How can data analytics improve claims experience? In 2017 our Emerging Insights answered these and many other questions – [catch up here!](#)

[Paper: Index insurance - status and regulatory challenges](#)

[A2ii](#)

Over the last 20 years, the use and range of index insurance products have grown. It is therefore important that insurance supervisors have the capacity to assess and supervise these products. A2ii's latest paper provides a review of supervisory approaches to index insurance.

NEWS FLASH

[Fintech and decent work](#)

This presentation explores how mobile money and digital payments can help achieve decent work. It analyses how new technologies in the financial sector can be leveraged to formalize enterprises and employment contracts, facilitate government-to-person transfers, and increase workers' financial inclusion.

[Upcoming seminar: Colombia – 10 years of evolution in inclusive insurance](#)

Innovative product design, consumer empowerment, disaster risk management and new payment systems – these are just some of the many topics covered in Fasescolda's upcoming seminar. [Sign up now](#) for the seminar in Bogotá from April 17 to 19, and join the conversation!

[Training in Italy: Making Microfinance Work – Managing product diversification](#)

Microfinance institutions interested in diversifying their product portfolios are encouraged to sign up for this upcoming training in Turin, Italy! The course helps microfinance managers to understand the characteristics of new market segments and the product mix needed to meet their needs. The training will showcase successful strategies used by MFIs to serve such markets.

Housed at the International Labour Organization, the Impact Insurance Facility enables the insurance industry, governments, and their partners to realise the potential of insurance for social and economic development. The Facility was launched in 2008 with generous support from the Bill & Melinda Gates Foundation, and has received subsequent funding from several donors.
