Ishaka Hospital [1]

About the Product(s)

**Countries of Operation:** Uganda  
**Product status:** Active  
**Number of Members:** The scheme serves a population of approximately 314,692 people.  
**Institutional Model:** Healthcare provider-driven  
**Type of Coverage:** Voluntary  
**Type of Policy:** Individual + family policy  
**Benefits and services covered:** In-patient and out-patient care

The scheme is designed to cover mainly acute infectious diseases such as malaria, respiratory and urinary tract infections, and gastrointestinal infections. The policy also covers antenatal and postnatal care, normal deliveries, deliveries with complications, medications and some vitamins. As an added-value, Ishaka Hospital offers health education.

**Premium Amount:** A family of 2-4 members pays the minimum premium of 60,000 Ugshs (US$23) per year. The for each additional family member is 14,800 Ugshs (US$5.72) per year.

**Other information:**  
The Ministry of Health recommended against including maternal and child care in the benefits package due to cost and sustainability of the scheme. However, the scheme decided to include these services anyways due to community demand.
