

Our Funders and Partners

As a catalyst for action, the Facility works with a diverse range of strategic partners. Working with donors and partners is part of the Facility's strategy to complement its own expertise, capacity and reach.

Funders and sponsored projects

[Global Index Insurance Facility](#) [World Bank Group](#)^[1]

[1]

The strategic partnership between the Facility and the World Bank Group's Insurance Facility (GIIF) aims to enhance knowledge of and build capacity for impact insurance. Drawing out key lessons from the experiences of the GIIF partners, with the support of the Ministry of Foreign Affairs and the European Union. [Click here to learn more about the partnership.](#)^[2]

[Agence Française de Développement](#)^[3]

[3]

This partnership intends to strengthen the resilience to risk of the low-income population in Saharan Africa. With the aim of providing better access to valuable insurance products and stimulating innovation, the project will implement action research interventions to test and evaluate. It will provide capacity building to partners and the broader industry as well as disseminate lessons to governments and other relevant stakeholders, in order to influence policy. [Click here to learn more about the partnership.](#)^[4]

[USAID](#)^[6]

[BASIS/I4 Index Insurance Innovation Initiative](#)^[5]

[5]

With the support of USAID, and in coordination with the BASIS Index Insurance Innovation Initiative (I4) at the University of California Davis (BASIS), the Facility created the BASIS Network, which is a community of experts and practitioners on agriculture insurance. The network aims to expand innovations in agriculture insurance and ensure proficient implementation on the ground through enhanced co-ordination. We intend to help accelerate the availability of agriculture insurance (Index insurance) as part of a broader risk management strategy. [Click here to learn more about the partnership.](#)^[7]

[Financial Sector Deepening Africa \(FSDA\)](#)^[8]

With the support of UK Aid, the Facility and Financial Sector Deepening Africa (FSDA) are launching a new partnership to support insurers to provide valuable and scalable insurance solutions to low-income households and SMEs in sub-Saharan Africa. The goal is to support insurers and distributors to implement organizational change management and drive innovation. [Click here to learn more about the partnership.](#)^[9]

[8]

[10]

[African Reinsurance Corporation](#)^[10]

This partnership aims to support and enhance the development of microinsurance in African countries through market facilitation, sharing of good practices and building capacity for practitioners and training institutes. [Click here to learn more about the partnership.](#)

[12]

[AXA](#)^[12]

This partnership aims to design and deliver impact insurance innovation to benefit vulnerable workers, especially women and migrants in Indonesia. The key output of this collaboration is critical insights into the design and delivery of insurance products for excluded populations, especially women and migrants, which will be widely shared with the insurance industry and communities.
