

## Date of Release: March 28, 2018

The ILO's Impact Insurance Facility is celebrating its 10-year anniversary in 2018! We are proud of our **decade-long journey** to enable the insurance sector, governments and their partners to reduce households' vulnerability, promote stronger enterprises and facilitate better public policies. Join us as we take stock of where we are, what we've learnt and how we plan to continue forward. Through the year, we will share **lessons and experiences from the past**, examine the **current trends**, and present **ideas for the future**.

Watch this space for the many events which we are organizing this year to mark this special occasion.

### Webinars

- We organized a webinar on March 29: "[3-D" Client Value Assessment - Introducing a new tool to assess client value for agricultural index insurance](#)"<sup>[1]</sup>
- On May 10, we organized a second webinar, this time focusing on [Putting client insights into practice](#)<sup>[2]</sup>.
- The above webinars are just the first in a **series of webinars highlighting our 10 years of improving value**. More to be announced soon!

### Events

- We organized a competition where you could **vote for your favourite Emerging Insight**<sup>[3]</sup>!
- From September 10 to 14, we organized the **Impact Insurance Academy**<sup>[4]</sup>. The Academy is a unique opportunity to learn from our ten years of experience and innovations in inclusive insurance! [Click here](#)<sup>[5]</sup> to read a blog reflecting on this successful first edition.
- The **Impact Insurance Forum 2018**<sup>[6]</sup> will take place in Zambia, in November. Join us in Lusaka, where the [14th International Microinsurance Conference](#)<sup>[7]</sup> 'Inclusive insurance for emerging markets' also takes place.

### Publications

- We released a first brief **Ten Years of Impact Insurance**<sup>[8]</sup>, which chronicles some successful case studies of the past decade.
- On our [Medium blog](#)<sup>[9]</sup> we have launched a **blog series**<sup>[10]</sup> on a decade of impact insurance. Stay tuned for more posts on accomplishments, changes and current trends and interviews with key players and experts!
- We organized a **video contest**<sup>[11]</sup>, in which we invited former and current partners to share their journeys over the last decade.

### Infographics

- Several **infographics illustrating our achievements** are being released to further showcase the many markets and organizations we helped develop since 2008:
  - Our infographic explaining the [Facility's change management process](#)<sup>[12]</sup>
  - An infographic on [10 years of Impact Insurance](#)<sup>[13]</sup>: of partnering with governments, designing innovations, building capacity and increasing knowledge
  - An infographic illustrating [10 lessons learned over the last 10 years](#)<sup>[14]</sup>
